**EPICURIOUS.COM IS MOST AWARD-WINNING FOOD WEBSITE
Awards Season Results in James Beard, MPA Digital, and New York Emmy
Awards for Epicurious.com**

NEW YORK, May 7, 2009 – Epicurious.com, the most award-winning food site, continued its winning streak Sunday night with its second consecutive James Beard Journalism Award for Best Website Focusing on Food, Beverage, or Nutrition.

The James Beard Award is the latest in a recent winning streak for Epicurious.com, including two MPA Digital Awards (for “Website of the Year: Service & Lifestyle” and “Best Online Community”), one New York Emmy Award (for the site’s video series “Around the World in 80 Dishes”), and an ASME nomination (for “Best Interactive Feature”).

“It’s an incredible honor to be lauded by the food, magazine, and broadcast industries all in the same year,” said Tanya Wenman Steel, editor in chief of Epicurious.com. “Each one of these awards represents Epicurious.com’s evolution from one of the first food Web sites in 1995, to one of the most comprehensive and respected food sites today.”

Adding to this honor is the success of Epicurious.com’s new iPhone app, which launched last week. As of today, it is the top recipe app in the Apple App store and number two in the lifestyle category overall.

Epicurious.com is a Condé Nast Digital site. Condé Nast Digital is the leading creator and developer of upscale lifestyle and business brands online.
